Firefighter Stephen Siller had just finished his shift with Brooklyn's Squad 1 and was on his way to visit his brothers when he got word of a plane hitting the North Tower of the World Trade Center. Stephen returned to Squad 1 to get his gear and then drove his truck to the entrance of the Brooklyn Battery Tunnel. The tunnel was closed for security purposes. Determined to carry out his duty, he strapped 60 lbs. of gear to his back, and raced on foot through the tunnel to the Twin Towers, where he gave up his life while saving others. Stephen had everything to live for; a great wife, five children, a devoted extended family, and friends. Please consider donating to this worthy cause. www.tunnel2towers.org
